Vehicle requirements

Please note, in order to run a safe day and comply with regulations all cars participating will be scrutineered to ensure they comply with the following:

- All vehicles must be fitted with at least two (2) independent fastening systems, of adequate strength and limited extensibility, which simultaneously hold the bonnet or panels closed. Bodily unmodified production cars manufactured after 1 January, 1973, and other cars which are fitted with Front Hinged Bonnets may utilize the original, unmodified manufacturer's component for closing the bonnet, without the use of a secondary restraint mechanism.
 - Drivers of all open cars must wear eye protection to AS 1609 - 1981.
 - All loose objects must be removed from the vehicle.
 - A speed limit of 10Kph will apply in the pits, paddock and spectator areas.
 - A coolant overflow catch can must be attached to all vehicles.
 - All vehicles with treaded street tyres must have at least the minimal legal tread depth.
 - No oil leaks on vehicle.
 - Inappropriate behaviour or instances of any of the above may result in exclusion from the event and the Stewards may take further action.
 - All vehicles must be fitted with an effective muffler which diminishes the sound of the engines exhaust. The muffler must be so constructed that the maximum vehicle noise emitted does not exceed 95dB (A) measured at a point 30 metres from the track edge by approved measuring equipment.
 - All drivers will be required to wear suitable non-flammable clothing covering all limbs, closed leather shoes, seat belt or safety harness.
 -
- Helmet displaying the following serial codes:
- SNELL SA2000, SA2005, SFI 31.2A (USA)
