president

Hello Members,

I wish to thank Mandy for the excellent day out last weekend with a run to Kembla Hotel in the 'Gong - 10 participants - good food and better company - a great day out!

Now I would like to let you all know that we will be looking at updating our website and hopefully the Forum. This will be on the agenda next week before most of you get to read this magazine and we will hopefully have discussed this in some detail.

I am re-writing this report as I have had some issues with power today at work and you would not believe the crap one has to go through to get a new 365 subscription to work in the office and at home!

It may be of interest to you to know that even though the club has been in hibernation we are growing in membership, thanks to the efforts of Jorge and the time he puts in on behalf of the club.

I'm looking forward to a good roll up at the next meeting and hope to see some of the new members in attendance.

Bob Fitzsimmons.

Hello Everyone,

From last month our first Club meeting was held at Sydney Motorsport Park. Unfortunately, due to work commitments I could not attend, but I was informed the meeting was a great success with more members attending. Thankyou to all who attended, hopefully will see you all again at the next monthly meeting.

One of the events we attended was the run to the Bradman Museum at Bowral, great roll up with old members, the food was great combined with pleasant banter in a great setting, thanks Mandy for another excellent run venue - we will have to keep this one on the agenda for another time. Just a reminder Christmas in July is approaching it would be nice to see more members taking advantage of this wonderful yearly event, hope to see you all there.

Everyone stay safe, till next time...

Cheers **Tony**

TO THE RUSTY UDDER VIA MATT'S DINER

This month's Codgers Run was on a perfect Central Coast day and the convoy was made up of 8 vettes and one shopping trolley.

We were pleased to welcome Nigel and Chris who came up from the big smoke for a first cruise with us and Doug who is an old hand at coming over the Hawkesbury.

We had a couple of starting points but finally came together at Matt's Diner which is a great little 50's styled café (check the photos) and with good parking for the Corvettes.

We chose to sit outside to enjoy the terrific day and soon everyone was settled in and having a good time.

Niel found some of the codgers could talk as well as he can; Stuart was in good form; Wayne had a heartbreaking story about the C1 project falling off the ramps; Rob got the troops moving for me right on time from North Entrance and Bob had his 454 looking Smick and the girls were all smiling!

The next part of the day took us out to the old Pacific Highway and then to Wyee where we turned into Hue Hue Road and we were able to let the 'vettes roll on a bit without much traffic to hold us up. It was good to rumble along and enjoy the sounds of the cars and the rural scenery as we ran almost parallel to the M1.

Lunch took a couple of hours before it was time to move on and head for home after another successful day .

Next Codgers run will be Thursday 17th June. Starting from the Waterfall Café at Kariong with coffee from 10.15am and then we will cruise via Woy Woy and the Rip bridge to the Empire Bay Tavern for lunch at approx.12.00 noon.

Book with Pete by Monday 14th June 0438 323 744

Cheers Pete

Breakfast Run 2nd May

What a beautiful day for a cruise down to the Southern Highlands, even though it was a little chilly; the sun was shining and the Autumn leaves were falling.

Starting off our breakfast run from the Caltex Crossroads we headed down the Hume Highway through Mittagong to Bowral where we had breakfast at the Bradman Café.

A great turnout of Corvettes. Thank you everyone who joined us for breakfast and hope to see more of you joining in next time

Mandy

Lunch Run to Mt. Kembla Village Hotel Sunday 23rd May

What a beautiful day for a cruise down to Mt. Kemble! We meet at the Crossroads heading to Mt. Kembla Village Hotel via Picton Road and Mt. Keira Road.

A beautiful little historic pub with great food. The City Coast Motor Cycles were hosting their worldwide annual distinguished Gentleman's ride at the same pub. It was great to see all the classic and vintage style motorcycles along with everyone dressed in their period clothes.

The event raising funds for men's health. I would like to thank everyone who came along, it was great to catch up with you all. Here are some photos of the day.

'YUM' !!!!

See you next time.

From the Treas\$ury

Let me first say sorry to those members who attended our last club meeting (our first for 12 months!) for the rather quick way I went through the meeting. I hope I did not miss anyone or forget to cover any topic.

A BIG thank you to members who are paying dues via Direct Deposit as well as members who paid cash at the last meeting. Each year I have several payments which are either a Postal Note or Company Cheque with no ones name attached causing a paper chase.

In my previous reports I've stressed the need for payment to be via Direct Deposit WITH your name in the reference field. I have already received one \$75 payment (obviously a renewal), paid on 18th May but with NIL information about who the payee is. This money will be transferred into the Doug Ford Happy Sumptuous Meal Fund and will no doubt be added to by other very kind members!

GUYS: On your Direct Deposit make sure you add YOUR surname in the 'Reference' field. If you do the deposit at a bank, credit union, etc. ensure the Staff put your name in the reference field, or else I have absolutely no idea who you are but I'm well on my way to a slap-up lobster dinner!

Regards, Doug, Treasurer.

Hello Members,

The following is a quick overview of the Auto shifter display within the centre console. This pic (C4 90) is the display part removed, cleaned, showing the four main parts, metal holder, black backing plate, plastic fascia and the sliding pointer. The holder contains these parts and normally one globe and screws to the underside of the centre console.

Pic No. 2 shows how the slide pointer is sandwiched between the plate and fascia. It slides along indicating the selected gear function. You can see the holder has two (2) lamp hole positions, but the wiring loom has only one bulb holder fitted. Note the tangs of the pointer which engage with the drive pin on the shifter, it just slots over this pin and as the shifter is moved from P through R,N,OD,D,2 & 1 it slides and gives visual indication of gear selected.

The third pic is the four parts placed together ready for fixing to the underside of the shifter console. Note the plastic piece with the gear indications has end tongues moulded at ~90° and coloured orange. This allows the light to enter the plastic and makes the letters/numbers glow.

The final pic shows the Shifter mech, note the bright steel pin sticking out near the top of the return spring. This layout is virtually the same format for 84~89 with a slightly different plastic display, whilst this one should cover 90~96. From memory this layout is either the same or very similar to the early Commodore. If you can't see your indicator needle, it may be either missing, broken or when the converter rushed it back together they failed to correctly slot the pin into display needle tangs and it has been slid past its endstop and out of sight. The console plate can be lifted at the centre glove-box end after removing a few screws and with long thin fingers, slid under the pass (LH) side. If the slider is in situ then it's just a matter of pulling shifter back and aligning the pin and tangs to engage, replace all and 'Wallah' - job done. This is not a hard job nor does it require any special tools, BUT, (there is always a but!), take it slowly and carefully. After all, it's now nearly or over 30 years old!. Regards, Vettech.
